A fun a glamorous New York City Engagement session in Central Park, Grand Central Station, and Times Square 42nd Street. Categories: Central Park, Grand Central Station, .From Our Members Dr. Samuel G. "Sam" Hart has spent over 29 years in the field of addiction recovery. He has worked at River View (formerly Rockford Hope Haven) since July 1999, when he was hired as the director of addiction recovery services. Dr. Hart earned his doctorate at Boston University. He and his wife, Adrienne, and their three sons, Josh, Alex, and Matthew, reside in Rochester. In his spare time he enjoys camping, camping fires, yard sales, and hiking. The River View team is dedicated to the mission of healing and resourcing the psychosocial needs of those affected by addiction, their family, friends, and the community. We offer peer-to-peer counseling, residential and dual diagnosis treatment, substance abuse treatment, and outpatient treatment to individuals, couples, families, and groups. We have staff serving every hour of every day, and are always here for you. Our team of clinicians, counselors, and pastoral care providers are committed to treating each member with integrity and respect, and to helping them to move toward an appropriate and meaningful life. Members of the River View team are: The River View team is dedicated to healing and resourcing the psychosocial needs of those affected by addiction. We are a full-service residential treatment center, offering a wide array of programmatic services, including individual and group counseling, individual and group spiritual care, individual substance abuse treatment, an active 12-step program, behavior therapy, and case management. Our team of nurses, social workers, counselors, medical staff, administrators, and pastoral care providers are committed to helping you reach your healing goals and to provide an environment where you can flourish, grow, and thrive. . "If I had a penny for every email I receive asking me to recommend the best software to quickly and easily slice and dice images, I'd buy myself a small country." - By TeklaFan "Thank you for the interesting write up on ProShow. I'm now up to speed on the latest and greatest.. Love it. The Planetino program is a must for any serious photographer. I was actually a bit reluctant at first because it cost a small fortune (and I've always been a bit of a cheapskate). But then I compared it to the ridiculously priced alternatives and it was still way cheaper than my other preferred method." - By Yud.co.uk "The easy to use and extremely comprehensive controls on this product really make it a must have software for both the beginner and the professional.. I have used the Planetino ProShow Lite and ProShow and they are great products for people like me, that need a very simple to use show tool but still want to fully control their shows. I have to say that the Planetino ProShow has been much better than I expected." - By Thepioneer "I have a bunch of other products in the music business, and Planetino is my number one. I don't have anything left to learn." - By TeamOSV.comPages Thursday, 6 February 2015 Hi guys! The first step in a kitchen renovation is always tackling the stove and cooking-centric areas. From there, it's the fruits of your labour that become part of the room. It's time to get out the brushes and start preparing the walls! I couldn't wait to have a spot in my kitchen where I could display all of my painting supplies, but I was also eager to transform the backsplash as well. It's been a few years since I've done any renovations on my kitchen, but it's been a great learning experience! Before we moved in, there were some pretty rough, barely-masked patches in the backsplash and walls. I really loved this stained marble feature, but it was a nightmare to clean! I immediately knew I wanted to go for a slightly different material, and perused the hundreds of photos from Houzz until I found my favourite photos of a stone veneer feature I love. A bit of research and a trip to Home Hardware, and I had a couple of identical tiles in the exact same
